# Episode 48: Chrono VS Ryuzu

The “Idea-drones” controlled by Ryuzu create a unique atmosphere.

---

Wearing a faceless mask with unbalanced limbs, these golems are able to exist as “perfect beings” in the “perfect world” created by “a higher existence”.

---

... They are designed to portray such an image. Perhaps there are people who can be happy in Ryuzu’s “perfect future”? With that said, the battle shall be settled next week!
